Dear Dr. McKamy,

In January 1999, the Defense Nuclear Facilities Safety Board (Board) established an award to recognize individuals who provide exceptional leadership in promoting safety management in the Department of Energy (DOE) nuclear weapons complex. The first award was presented to Victor Stello, Jr., former Principle Deputy Secretary for Safety and Quality, Office of Defense Programs, DOE. The award is now titled *The Victor Stello, Jr. Award for Safety Leadership*.

The Board has unanimously agreed to present the 2010 Stello Award to you. This award is based on your outstanding leadership to enhance nuclear safety within DOE, especially your recent management of the DOE Nuclear Criticality Safety Program. The Board believes your superior leadership, technical competence, and motivation have exemplified those qualities for which the *Victor Stello, Jr. Award for Safety Leadership* was intended.

I want to personally congratulate you for the award and thank you for your efforts on behalf of safety within the DOE nuclear weapons complex.

We intend to present the award to you in the near future. My staff will contact you concerning the details. We hope your family will also be able to attend.

Again, congratulations. I am looking forward to presenting this prestigious award to you.

Sincerely,

A handwritten signature in black ink, appearing to read "Peter S. Winokur". The signature is fluid and cursive, with the first name "Peter" being the most prominent.

Peter S. Winokur, Ph.D.
